# CURING FREE

## READY MIX PLASTER

Say goodbye to water curing with our proprietary curing free RMP. This solution removes the need for water curing while offering superior strength, faster setting time, and improved workability. This blend provides a smooth finish and superior workability while covering minimum 30% more area. It eliminates the need of manual mixing by the user.

**ENHANCED  
STRENGTH**

**NO WATER  
CURING NEEDED**

**INCREASED  
COVERAGE AREA**

**FASTER  
APPLICATION**

**MINIMISE  
SHRINKAGE CRACKS**

**COST  
EFFECTIVE**

**SMOOTH  
FINISH**

Ready Mix Plaster (40 kgs Bag)

# WATERPROOF

## READY MIX PLASTER

Experience long-lasting waterproofing with our Waterproof RMP. A perfect solution for wet areas like bathrooms and exteriors, it prevents water seepage, reducing the risk of cracks and structural damage.

CemecoPlast provides a quicker alternative to users by providing Waterproof RMP, powered by the Ezyplast waterproof additive. Enjoy a durable solution for complete water protection.

**ECO -  
FRIENDLY**

**LOW  
MAINTENANCE**

**MINIMISE  
SHRINKAGE  
CRACKS**

Ready Mix Plaster (40 kgs Bag)

# INSTAPLAST

## READY MIX PLASTER

InstaPlast The innovative solution for filling wall chases (Jiri) in electrical and plumbing work, is designed to meet the need for immediate plastering, especially in situations where traditional plastering is not feasible.

InstaPlast eliminates the need for water curing and provides superior bonding strength compared to conventional plaster. Most importantly, the surface is ready for use in “2-3 hours” after application, ensuring efficiency and reliability.

**HIGH-QUALITY  
FINISH**

**ENVIRONMENT  
FRIENDLY**

**VERSATILE  
APPLICATION**

**QUICK  
DRYING TIME**

**CRACK-  
RESISTANT**

**WATER-RESISTANT  
PROPERTIES**

Ready Mix Plaster (40 kgs Bag)

# GREENPLAST

## READY MIX PLASTER

CemecoPlast GreenPlast is India's first Green plaster, crafted with 100% clinker-free cement to provide a sustainable and eco-friendly solution for modern construction. It eliminates the need for curing, offering a hassle-free mixing. Its advanced formulation ensures a smooth, durable finish while preventing shrinkage cracks. Designed to deliver superior strength and long-lasting adhesion, CemecoPlast GreenPlast enhances your walls and contributes to a cleaner and greener environment. Perfect for those who value both performance and sustainability in building materials.

**TIME-EFFICIENT  
APPLICATION**

**REDUCED  
LABOUR COST**

**UNIFORM &  
CONSISTENT FINISH**

**ENHANCED  
COVERAGE AREA**

**HIGH DURABILITY  
& STRENGTH**

**EASY APPLICATION  
WITH SPRAY  
MACHINES**
